Applicant filed a response to the Final Action of September 3, 2008 on November 7, 2008.

Amendments

3a. The instant amended claims will not be entered because the amendment raises a new issue that would require further consideration and search. Claim 5 has been amended to recite specific steps for screening for Parkinsonism inheritance. A search and consideration of the art would need to be carried out to determine the patentability of the instant claim.

Because the claims of November 7, 2008 have not been entered, Applicant's response, as they apply to the claims filed June 18, 2008 will be considered.

As of June 18, 2008, claims 6-9 are cancelled. Claims 1-5, 10, 11 are under consideration.
